YOUR CHANCE FOR AN ENJOYABLE AND REWARDING NEW CAREER

Fancy a really interesting job in the beauty industry?

Work in the beauty industry is both interesting and varied. Job satisfaction is high. As a Beauty Therapist, you would usually work in a salon with other beauticians, hairdressers etc.

Or you can if you wish, decide to be your own boss and run a 'mobile' business, visiting your clients in their own homes. Whatever path you choose, it's a job you'll love doing and you'll make new friends too!

The great thing about our Beauty Therapist course is that you can study in your own time, at your own pace, from the comfort of home or from work.

You will also have your own professional personal tutor offering full support by email and post.

Who can take the Beauty Therapist course?

The Diploma is from UK Open Learning, one of the UK's leading distance learning providers. You don't need any special qualifications to sign up for the course; it is open to anyone.

Is the Beauty Therapist course a recognised qualification?

The course is accredited by Open College Network North West Region which is licensed by the National Open College Network, itself an awarding body approved by the Qualifications and Curriculum Authority (QCA).

The course is at Level Two which is the same in terms of difficulty as an NVQ Two. It has a credit value of 9 or 90 hours of learning. Credits are increasingly being seen as the currency of all learning achievements.

Should you wish to progress from this course to further qualifications at a college or with an employer, then the certificate from OCN will stand you in good stead.

The course has been mapped against the National Occupational Standards for the Beauty industry set by habia.

Will I be able to become a Beauty Therapist after taking the course?

As this is a theoretical course you should gain some hands on training in a salon or practice on friends and family and then with this qualification you will be fully accredited.

Do I get any makeup with the course?

Yes. We provide a professional Makeup Kit with everything you need to practice on friends and family.

Free with all orders - worth £115.00 SBC Student Kit 2007 - De Luxe Vanity Case

SBC Student Kits are a comprehensive student make-up kit with items to meet NVQ standards e.g. crème foundation, liquid eyeliner, lip gloss, highlighter and shader. Meets NVQ Level II Standards and now contain additional items to meet the new standards, at no extra cost.

What are the advantages of being self-employed?

After qualification, you may choose to start your own Beauty Therapist business. The advantages of being self-employed are superb: being your own boss, not having to answer to anyone but yourself, choosing your hours, working from home...the list is endless!

Just think, no more tedious commuting to work, no more long hours...the world is your oyster. Starting up your own business is less daunting than you think, and once you've started, you'll never look back.

How long do I have to complete the course?

12 months. If we update the course, the information will either be posted on our supporting website or sent to you free of charge.

What happens if I've paid for the course but find it unsuitable?

Not a problem. If you return it within seven days, we'll give you a refund.
